

PRODUCT CHANGE NOTIFICATION

Product(s) Affected:

LSR Part Number	Old Rev	New Rev	Description
450-0150	1	2	Evaluation Kit, SaBLE-x Module, PCB Trace Antenna

Description of Change:

The description for part number 450-0150 is being updated to reflect that it is an evaluation kit which includes the tools necessary to explore the capabilities of the SaBLE-x module.

Reason for Change:

The LSR SaBLE-x Evaluation Kit demonstrates the stand alone capability of the SaBLE-x development board and connectivity to a Bluetooth® BLE enabled smartphone device. It provides a platform to show the capability of Bluetooth® BLE for simple remote control of devices and low data rate remote data collection and reporting.

The SaBLE-x Development Board can be used in conjunction with LSR's ModuleLink iOS and Android mobile applications. The applications allow the user to:

- Monitor temperature of the onboard temperature sensor
- Monitor battery voltage
- Monitor RSSI of data transmission from the SaBLE-x module to the mobile app
- Monitor the status of the onboard pushbutton switches
- Toggle the user defined LEDs on or off
- Track RF statistics such as number of BLE packets sent and received

Anticipated Impact of the Change:

N/A

Method of Identifying the Changed Product:

The label on the evaluation kit box will reflect the new revision level.

Factory Effectivity Date:

LSR anticipates shipping the evaluation kits in May.
